

6) Replacer.exe is not found. Patching has not finished.

Symptoms: After open Silkroad.exe this error popup

Resolution: You missing file [replacer.exe], it was damaged or deleted by Antivirus. In your entRopy folder you can find Archive with all EXE (**_EXE_entRopy_SRO.7z**) files, you must add entRopy game folder as exception in your antivirus program, read below.

Windows Defender or may be other Antivirus may detect as false positive **sro_client.exe** and delete/quarantine it.

You need to add entRopy folder as Exception in your antivirus program.

How to add as exception in Windows Defender:
